<b>Name</b>	<b>Mark Bromley</b>
<b>Address</b>	Known to the Royal Commission
<b>Occupation</b>	Business Manager, Diocese of Ballarat
<b>Date</b>	25 February 2016

- 1 My name is Mark Bromley. I am currently employed by the Diocese of Ballarat as the Diocesan Business Manager.
- 2 On 3 December 2015, I went with another Diocesan employee and a Cathedral parish employee to St Patrick's Cathedral, Ballarat (**Cathedral**), and took a photograph of the Fire Safety Plan of the Cathedral. A copy of that photograph is Exhibit 28-91. I believe that the Fire Safety Plan is an accurate representation of the layout of the Cathedral.
- 3 On the same date, the Diocesan employee took a photograph of the sacristy area of the Cathedral. She took this photograph standing in the doorway between the Chapel and the work room, facing towards the sacristy. A copy of that photograph is Exhibit 28-92. I believe that the photograph is an accurate representation of that area.
- 4 On 12 November 2015, I asked the Cathedral Staff to locate and provide to me a copy of the records showing all funerals that were conducted in the Cathedral for 1983. A copy of those funeral records for 1983 is Exhibit 28-90. I confirm that these are a true copy of the funeral records for the Cathedral for 1983.
