IN-CONFIDENCE

Sir,

further to our conversation this afternoon I have advised CJE's mother CJO, that AF will be in touch with her tomorrow with information relating to mental health care for her daughter and also a timeline for the investigation (such as we are able to predict). However an additional piece of information she would like addressed is when someone will be in touch with CJE to discuss the matter.

She feels that a call from Cadet branch to let her know that support for her will continue would put her mind at ease.

Thankyou for all of your help .

V/R,

Barbara Courtney
