INCIDENT: Bullying. CLB

He was saying stuff to us before like making fun of us, and he always does it and thinks we can get away with it, then he put toothpaste all over CLA face so it was just getting him back. So we held him down and I put shoe polish on his head. so we some other boys took his shoes & pants & gave him a wedgie. then we let him go. He came back crying and he tried to attack us with a wooden plank. He screamed at us then left.
