

SUMMARY OF 2015 YEAR 9 GATEHOUSE SURVEY RESULTS

Positives:

- Are closely connected with their peers.
- They try hard in school and doing well is very important to them.
- Significant drop in teachers not noticing them and teachers not fair (lowest results since the start of the survey)
- Their response to “no-one to talk to if upset” and “no-one to depend on” were the lowest since the start of the survey, and “no-one knows me” was also still low.
- School connectedness item “bored at school” showed a positive trend and “don’t like school” was the lowest since the start of the survey.
- **Victimisation results were exceptionally positive – the lowest result recorded for “any victimisation” since the start of the survey (80% in 2002 – 15% in 2014), and a big drop in boys “feeling upset” if they had been.**
- Of the bullying items, “teasing” and “spreading rumours” were the lowest results since the start of the survey.
