RE: Ombudsman notification C/2012/2731

Dear REDACTED

Please find attached the following documents:

- Final Investigative Report for your Records clearly indicating a finding of Not Sustained Insufficient Evidence
- A Relevant employment proceedings notification and summary
- Letter of advice to Royce Comber in relation to our finding in this matter.

Please note that The Disability Trust advised The Commission for Children and Young People of a Category 1 notification in relation to this matter. This was sent via Email on the 17th October by our Manager Ryan Kiddle. I spoke to Renee at the CCYP who works in the section responsible for Working with Children Checks to clarify who I needed to advise of our modified finding of "not sustained – insufficient evidence". In discussion with Renee it seems our Category 1 notification was not processed for reasons that aren't apparent. Once Renee found the email she deleted the email containing the Category 1 notification. I have now submitted a Category 2 notification due to there being some evidence that this may have occurred.

Yours Sincerely,

Christy Lewin
OOHC Manager
The Disability Trust
