Hi Katharine,

Ryan needs to gather all the information regarding that Vac care program. The days that staff member worked, who else worked on those days, what days that client was in Vac care, did the days the client was there overlap with the days the staff member was there.

You will need to ring the NSW Ombudsman and tell them what's been alleged and the details and that the police are being called by the family. Get the full contact details of the person you speak to at the ombudsman's office and they will tell you what you need to do now it's a police matter.

neers, kim

Hi Kim

Just to let you know that we have just clarified some information, whilst the allegations of abuse were reported during the Interchange shift, the actual incident was alleged to have happened at our vac care program.

I have asked that Ryan keep us updated
