Mr. Royce Comber,

Please find attached the finalisation of the investigation. The Disability Trust regrets the delay in finalising this matter and notes that we did not initially have access to all evidence in relation to the matter. We have now had a chance to review previously withheld evidence and our finding is ***Unsubstantiated – Insufficient Evidence***. This is the finding that we have lodged with the NSW Ombudsman's Office. Accordingly there is also no notification from The Trust to *The Office of Children and Young People* that would preclude your gaining further work in this area.

Please note however that our advice is only in relation to The Trust's finding and as such separate to any conclusions or determinations made by any other party (e.g. Police).

Regards

Margaret Bowen  
CEO  
The Disability Trust
