B.7.

2nd February, 1937.

Sir,

With reference to your letter of the 4th ultimo in connection with the Salvation Army Industrial School for Boys, Riverview, I wish to inform you that, in view of the contents thereof, and the fact that you stated that the Institution would be renovated and painted throughout, and that a competent Superintendent would be appointed, the Minister has approved that the Institution be continued as an Industrial School under "The State Children Act."

Please advise me as early as possible when Major Osborne takes over control.

Yours faithfully,

Director.

Major Axon,  
Salvation Army Headquarters,  
Ann Street,  
BRISBANE.
