**Uniting Church Insurances
Professional Indemnity/Medical Malpractice
Directors' and Officers' Liability
and
Employment Practices Liability**

The Church is in the process of negotiating renewal of our Professional Indemnity/Medical Malpractice, Directors' & Officers' Liability and Employment Practices Liability policies.

Please recall in previous years we have had to advise the Church of any claim known to us or circumstances that may result in a claim upon us be reported to the insurers prior to the expiry of the policy.

Are you aware of any such claims or claim circumstances? Yes/No

If so please let me have a separate note, as you have done in the past and we will advise the Church accordingly.

Possibly (private) claims for sexual abuse
against 2 staff members by boys (now
men).
