Dear Amanda,

How are things going? I heard that [BXJ] is happy training with you. Maybe she hasn't or doesn't show it but its positive [BXJ] is due to train here in the beginning of October for six weeks. I'm glad you've helped her gain more knowledge & get more experience from a player such as yourself. Thanks for looking out for [BXJ]. I hope you'll continue to help her as I'm trying to give her as much experience & opportunities to progress.

I've written also to ask you if you would drop me a note on your views regarding [BXJ]. I hope you'll tell me your view of how she's been training mentally & physically and how her matchplay has been going. I've a special interest in [BXJ] and would appreciate it if you could give me an update on her progress since you've been working with her.

Things are well here. The club in [REDACTED] is magnificent such top class facilities & a perfect training place for future Australians looking for a base in Europe to train & travel back too. Opportunities for team tennis for players such as [BXJ] are also possibilities to help expenses. The tennis school director is very positive about obtaining a link for more players and I'm looking forward to working with such a professional school.

I've heard that progress is been made about Noel Callaghan. I'm glad to see people care about the well being of our future players. Keep me posted. I hope one day he'll lose all his position as he is damaging many people along the way. I heard you're helping more with the State Squad. How's it going? Are you getting somewhere with the girls? Stay strong & positive as they need some good people around them.

Anyway time to go now. I look forward to hearing from you.

Raymond
