Dear Craig

Noel Callaghan investigation

We refer to our previous conversation in the above matter.

Once again, we have been contacted by REDACTED of the NSW Police regarding this matter. REDACTED repeated his earlier advice that a subpoena will be issued shortly requesting the release of any relevant documents, tapes, etc on our file.

You have previously forwarded to us an authorisation from the complainant permitting us to release to the NSW Police copies of the transcripts of her taped interviews. In accordance with this authorisation we attended to this.

Before complying with the subpoena (if and when received), we require Tennis NSW's authorisation that it is agreeable to our release of your file to the Court. Without instructions, we have not investigated the possibility of resisting the subpoena on the basis of legal professional privilege attached to the solicitor - client relationship. If you require us to investigate this possibility please advise.

We await receipt of your instructions as to which way you wish us to proceed.

Yours faithfully

Michael Rowe
 Senior Associate
