ALLEGATIONS:

1.

- At a live in camp held at Sydney University in December 1997 Noel Callaghan entered my room uninvited (3rd night) and made sexual advances towards me.
- He sat on my bed and lay across me and asked me back to his room. I resisted the advances and he went away. He returned 20 mins later but again left after advances were resisted. He was persistent.
- He smelt of alcohol and someone else reported told me he had been smoking (dope)
- On the 4th day of the camp there were no problems during the tennis sessions. However I did not want to stay the night. I rang my boyfriend who I left the camp with.
- On my return (day 5) Noel continually abused me and yelled things like what's your f'ing problem.

2. During the period Noel was her coach he continually made sexual innuendo especially whilst in squad situation. Things like when was your first sexual experience? Did you enjoy it? I think you should perform this type of act on me if you want to get a head in tennis. There were always comments and games being played with me. Never watched my serve but watched me.
3. Noel drove to State Squad (TNSW Activity) on occasions. Continual comments about how I had matured and on one occasion placed hands on my legs and breasts. This was post December 1997.
4. In Darwin at an ITF event on the way to the airport I shared a cab with Noel. He held my hand on the way to the airport saying he was comforting me for being in trouble the night before. This incident was pre December camp of 1997.
