Peter, Dr. Wenden has just rung to ask if he could speak with you at 3pm this afternoon, on the phone (0412 482 260).

This is just prior to the interview time that has been arranged for REDACTED (3.15pm).

Would you please ring him at 3?

Met with REDACTED who expressed disappointment that the School had not contacted him first before DOCS.

He claimed that C McPuff from SIT had said:

1. The incidents of bullying went back to February.

2. The School did not have any policies on bullying & assaults. - though this had been changed to "inadequate" rather than "did not have" in a latter conversation.

REDACTED also alluded to the School with holding information as this large investigation would seem to indicate a large problem that staff should have known about.
