Telephone Call: EAA

CLA

has been referred to the Sexual Assault Unit at RPA and will be getting a medical examination. CLA seems mentally relieved, positive and in good spirits.

Will be referring CLA to a Counsellor to get continuing counselling. EAA wanted to know what was going to happen to the boys (DFB and DFA DFA ). I indicated that I was not sure of what the School's response would be as I had not been informed of what the Police had found during their investigations.
