Dear Mr Cujes

Please find enclosed a copy of the Joint investigation Manual as requested. This is currently being re-written. The date for its completion is not known at this time. I have included a copy of the new "Children and Young Persons (Care and Protection) Act for 1998 which may be of interest to you. Parts of this Act were proclaimed on the 18th December 2000.

I have also obtained a copy of the 1987 Act in case you don't have one.

In relation to our last Protection Planning meeting I have included a copy of the decisions agreed upon in that meeting and a copy of the tape.

I do not have a copy of the minutes of the original meeting as Police took the tape with them to the Child Protection Enforcement Agency where the investigator currently responsible for the case is working.

I will liaise with you in the new school year to discuss the progress of the Protection Plan.

Yours truly

Cheryl C. MacDuff.
A/Assistant Manager.
