

**INTERVIEW NOTES
MAJORS DON & MARLENE SCHULTZ**

31st May 2005

I met with Don & Marlene and gave them the decision of the Territorial Commander based on the Officer Review Board recommendation. First of all I made the offer of assistance with funding of counselling. Don declined that at this stage.

Then I informed Don that unfortunately he would need to lose his rank. In front of Marlene Don was not as forthcoming as he had been in our previous meeting in times when we were alone. He spoke as if he felt that this decision was just the result of "mud sticking". He didn't admit any culpability.

I advised that his allowance would continue.
