Dear Peter

Please find attached the report of Dr Bruce Westmore on Major Haggar.

Happily, the diagnosis and prognosis are both good. As an abundance of caution, however, I would still ensure that Major Haggar is not assigned to any position in which he is responsible for or working with children. This report and the fact of the incident should be recorded in a manner that is accessible to officers who are responsible for his welfare and his assignments/postings.

Please feel free to call if you would like to discuss.

Kind regards

John
