Rockhampton 4700.

Re: Police Chaplaincy.

Dear Major,

While I was at Congress the Commissioner of Police spoke with me about the problems of the morale of the North Queensland Police in Cairns and district. It was suggested that I become the first state Police Chaplain because of the work done at the Mackay Station. Mr. Harry Lewis and I are old friends. When I was at Alkira Boys' Home I worked with the juvenile squad and made friends with him then.

I received a letter from him to-day in which he has officially appointed me to this work to police stations in the north with running costs met and phone calls to be made from Police stations.

During Congress I introduced Brigadier Kelvin Dickey and Major J. Lucas to Mr. Lewis. Brigadier expressed his desire for the Army to get into this field in Queensland and expressed his pleasure with negotiations.

Yours sincerely,

*Charles Wilson*  
C.A. Wilson, Captain.
