Mr Ray Carlile

REDACTED

Dear Mr Carlile,

My name is Major Daphne Cox. I work in the Professional Standards Office for The Salvation Army in our Territorial Headquarters in Sydney.

I read in a recent issue of the Courier Mail your sad story of your experience in the Riverview Boys' Home. I want to say on behalf of The Salvation Army how sorry we are to read of such behaviour.

We do want to help people like yourself and so I am wondering if you would be willing to contact me to talk through your experience in Riverview and to discuss how we can assist you at this time.

You can reach me on the phone number below.

Yours sincerely,
