Subject question

Earle,

Did you say JG was sworn in as a soldier last month? I thought was what you said. I remember you saying she gave her testimony, but did you say this was when she was sworn in. I want to email her and thought I'd just say it was good to hear she'd become a soldier and had given her testimony.

Would you mind replying asap? I'd like to contact her this afternoon.

Thanks Earle.

Daphne
