Subject re: Ralph Doughty

Dear Peter,

The Territorial Commander Commissioner James Condon has asked us to follow through on the letter he has received from Ralph Doughty. He has rightly decided not to respond to the letter so that he does not become the source of contact for Ralph. In my conversations with the TC, he is happy for us to continue with the strategy that we have developed and that the Professional Standards Office be the point of contact for Ralph Doughty. The TC has asked if we would respond to Ralph's letter to him. Please find this attached. Thank you for following through.

The TC has also agreed that the decision of the PIC to make the offer of \$100,000 to Ralph now proceed. The communications department feel that this would be better done following the Red Shield Doorknock Appeal weekend and so I ask you to follow through as you originally planned however, to wait until early June.

Thank you for all you're doing to address this situation and to try and mediate with Ralph.

God bless you and kind regards.
