LEGAL CONSULTING FINANCIAL

START FINISH UNITS

- probably written by the social worker - some help from me
- 1977 started + was there as the manager
- took over from Matt ^{Kopp} + think he took over from Hawden
~~summons will issue~~
- knew Hawden to say hello to
- he had good standing - the district + no staff had complaints about him
- just after we started, the govt introduced SW for the boys - a SW for each district the boy came from, we also had 2 psychologists for Child Guidance Clinic
- by the time he took over it had changed + there was a lot more departmental intervention than there may have been in the 60's
- never had complaints to him of sexual behavior from the boys
- had 1 complaint from a boy as to a CCW + complaint of sexual approach
- no complaints @ sexual behavior of the officers
- local di's wife saw the boys
