Client Name: The Salvation Army - Personnel Department

Re: Claim by Cherrie

Units: 3.00

Units:

Attendance on telephone from Angela Sdrinis. Explained that the Army is happy to assist in trying to locate alleged abusers. Explained that if not officers then usually no employment records kept. Names such as Sargeant and Boss often used for employees. Agreed that a case conference is the way to go to try and resolve matters. Said okay if someone only wants to meet through lawyers. She will get medicare numbers for each client. Said that can offer up counselling if necessary. Said that Broadstock not well and had medical report. My view and that of the Armys that abusers ought be pursued.
