To whom it may concern

I have known Captain A Smith for about seven years.

During that time, my two boys were in his care at the Salvation Army Children's Village at Nedlands.

I was pleased at the way at the way Captain Smith cared for the boys.

For the past two years, one of my boys lived in the home of Mr & Mrs Smith, and was looked upon as their own child, and I was satisfied at all times, for the way they looked after him.
