To whom it may concern

This is to certify that we have known Capt Allen Smith for the past seven years.

During most of this time he has had our nephew, [BMF] in his care.

We have always found him to be a person of good integrity and a man who with the help of his wife, has devoted most of his time tending & helping other people, with their troubles & problems, so much so that his own normal family life has, of necessity had to be neglected.

We feel that if given the chance this future life will be carried on in the same way.
