Called and left a message for DSS Dwyer to return my call in relation to the progress of the Gleek Investigations.

Tim a Police Officer in the task force headed by DSS Dwyer was instructed to call me back. He advised me the following:

- That Rabbi Glick was formally interviewed and released
- That a brief of evidence will be compiled for the bosses and the OPP
- At this stage it is just a one-on-one account of events that happened along time ago and this was vehemently denied by Rabbi Glick.
- The task force doesn't see this matter heading anywhere given there is no corroboration of the complainants story.
