Greetings, Christine and Brad

What an interesting scenario I/we have before us !!

I have been grappling with the matter over the weekend.

In the attached, I am suggesting a possible Terms of Reference.

and ...

I suggest the previous key leaders are questioned. Hence, there is a set of questions attached which I would ask WL to pose to the three gentlemen concerned. I can pose the questions but, if you think it appropriate and in the interest of economising on my time, then the current Principal could be relied on to do so.

Do both of these fit with your expectations ?

I trust this is shaping as per your expectations. Your advice is eagerly awaited.
