At the time of complaint
no night patrol was carried
out at the new cottage (SABH)
Captain Bennett (female) was
the only officer in the unit.

Since then her husband
Capt. Smith has exercised
the necessary supervision &
no more occurrences of this
nature have occurred.

2. In the old building, however,
occasionally, door still abscond
at night. This has now fallen to
an absolute minimum, the
main offenders having either
(a) been placed elsewhere
(b) seen the light.

3. At SAGH, the girls were
shown to wait until the night
staff had passed on patrol.
before ~~was~~ inviting the boys.
Since the units have been brought
to notice, there have been no re-occurrences

8.12.65.
