Mr GORTON. Social Work [illegible]

You may care to make some comment, as to whether the  
[illegible] should issue suit cases to wards in this institution.

OK

I.O/

I would not recommend that each  
boy be provided with a suit case – I  
feel that it is the responsibility of the Institution  
to provide something for each child's personal  
possessions. Perhaps however we could provide  
a limited number (say 6) suitcases for wards  
going out for week ends or holidays.
