This is an insult. And you have disrespected me for the last time.

Dear Tim,

As you know last week the Working Together team met together with Terry from Real Justice. The aim was to formulate a management plan that the ashram could offer to yourself and others. We took into account all the suggestions, requests and recommendations that had been forwarded to us. The attached Survivor Support Pack is the outcome of the discussions that took place around these.

The pack does not deal directly with every question or issue that has been raised however we believe the services offered provide a meaning next step for moving forward. This information will soon be available on the Mangrove website alongside the [history of the ashram](#).

Warm regards,

Yogasandhan
