## PROCEDURES

### Staff:child ratios

The staff:child ratios as outlined in the Standards will ideally be met at all times.

- 1.1.1 There will be a maximum of 15 children to 1 staff member for in centre.
- 1.1.2 There will be a maximum of 8 children to 1 carers for excursions.
- 1.1.3 There will be a maximum of 5 children to 1 carers for swimming.

The staff:child ratios as outlined in the Voluntary Code of Practice will be adhered to at all times.

1. A child staff ratio of 1 to 10 for programs which integrate children with disabilities.
2. A child staff ratio of 1 to 5 for programs which are specifically for children with disabilities.

### Minimum staff numbers

- There will be a minimum of 2 staff members present at all times.
- When staff are sick or unable to attend work, appropriate relief staff will be employed to meet the standards.
- For an emergency or if a staff member becomes sick, a replacement should be obtained where possible before the staff member leaves the centre.
- If a relief staff member is unable to be obtained, suitable volunteers may be employed on a casual basis to cover the numbers.
- Volunteers will only be counted on excursions to make up the higher number of carers required, or when temporarily employed.
- Students will not be counted as part of the staff:child ratio, at any time.
- Where possible extra carers will be encouraged to participate to assist in providing a higher standard of care.
