Dear Ezzy,

Following information that has been provided to us, concerning an investigation by the Police, we confirm (as discussed and agreed by you) that pending the outcome of the police investigation, it is in the best interests of our community and yourself that:

- you are no longer authorised to attend at any time, for any reason what so ever, the Yeshivah Centre premises including the Yeshivah Shule, Daminyan, Yeshivah Beth Rivkah Colleges, Gurewicz Early Learning Centres or Chabad Youth activities, even if you are invited to do so; and
- you are not to make any contact with any Yeshivah Beth Rivkah Colleges students for any reasons, either in person or by any form of telecommunication including telephone, email, SMS, facebook and other forms of social media, even if it is in response to a student initiating contact with you. This is in effect until further notice.

We hope that you understand the safety and wellbeing of our students and community is of paramount importance and that is why, pending the outcome of the police investigation, we have decided, after taking all matters into account, to take this precautionary measure at this time. We also believe that these measures are in your best interests. Please note that if you do not comply with this request, we will unfortunately have no option but to take further action.

Yours Sincerely,

Rabbi Z. Telsner
