We're all friends of his and this is all a nerve wracking thing, but let's do something constructive.

Here's a GoogleDoc spreadsheet where everyone can sign up to do One Mitzvah Daily for Doniel Ben Leah through Yud Bais Sivan, which is 6/10.

It's an auspicious day - the last day of the miluyim for Shavuos and connected with Yud Bais Tamuz (all the days are connected to their days in the adjacent months and the Rebbe has pointed this out).

My apologies for running with this, as mi ani omoh ani, but someone's got to do it.

By doing this we can work together to affect something positive for someone who deserves much good.

I have just read the SMH online report. Anyone who equates the tzidkus of Gug with the rishus of Kramer and Cyprus is completely out of their mind. Gug has no recollection of the incident and so we are relying on a 12 year old's memory.

Im sure he has moved on with his life as it seems he has. Married and children. And money from Gug as an apology.

Will the idiot who incited all this please rise and move on with his life too.

That was a quickly worded reply to one person but since it went to the group, the rosh yeshiva in Miami once said that the horaoh from an atheist is that when it comes to helping another Jew we don't wait for Hashem. Maybe we can split up Tehillim or do something else like sponsor a shiur in Sydney. Hope someone there is making a farbrengen. Me we hear good news but lets each do our part.
