

"ATTACHMENT 27"

As you are aware, the Yeshivah Centre is currently the subject of a Royal Commission into Institutional Responses to Child Sexual Abuse.

We are all currently working hard to properly respond to these issues and ensure that we have the appropriate policies and processes in place to guarantee a safe environment for our children. As well as appropriate policies, our values and behaviours need to reflect support to those who have been affected by this both now and in the future.

We wish to ensure that our policy, practice and messages continue to support and show compassion for victims of Child Sexual Abuse and their families.

As you hold a position of leadership within the Yeshivah Centre, you represent the Yeshivah Centre both internally within the moised and externally to the broader community and beyond. How you respond to matters relating to Child Sexual Abuse inescapably represents a response of the centre itself.

We therefore consider deviation from our message of compassion and support, through words or conduct, whether directed towards victims and their families or not, to be a serious breach of your employment relationship (if relevant) with the Yeshivah Centre.

As leaders of the Yeshivah Centre we encourage you all to reiterate our honest feelings of compassion and support for the victims and their families throughout the moised and broader community.

Wishing you a K'sivah V'chasimah Toivah, and a Sweet new year.
