To whom it may concern,

Hi my name is [REDACTED] I've attended Heal For Life Programmes in 2013 for a week and in 2014 for another week. I recommend this programme to all people who needed some Healing from sexual abuse. As it had a big help for me. The facilitators & volunteers were helpful and I could not thank them enough. The place is so relaxing too for us guests to stay. I especially thank Liz Mullinar for having this programme for the survivors. Thanks Liz for doing the wonderful job for people who needed some healing.

Thanks
Yours Truly
